

Join NAHUC in preparing for the future & striving for excellence during this one-of-a-kind, 3-day professional development event.

FACING THE FUTURE TOGETHER

AUGUST 17-19, 2022
HOLIDAY INN CHICAGO NORTH-EVANSTON
1501 SHERMAN AVENUE
EVANSTON, IL 60201-4416

The National Association of Health Unit Coordinators (NAHUC) 40th Annual Education Conference is open to all Healthcare Support Team Members and their supervisors, educators, and administrators and all audiences involved in health care. This includes, but is not limited, to health unit coordinators, unit secretaries, unit clerks, ward clerks, business service associates, healthcare support associates, health unit assistants, medical secretaries, medical assistants, nursing assistants, patient care associates, patient access staff, and unit customer service representatives.

NAHUC's 40th Annual Education Conference August 17-19, 2022

The National Association of Health Unit Coordinators, Inc., is dedicated to promoting health unit coordinating as a profession through education and certification, complying with the NAHUC Standards of Practice, Standards of Education and Code of Ethics.

NAHUC Continuing Education Contact Hours:

Thirteen and three quarters (13.75) NAHUC education contact hours are available for this conference. Any attendee who is absent from an education session for 15 minutes or longer will not be eligible to receive credit for that session. At the time of publication, NAHUC is seeking approval for American Association of Medical Assistants (AAMA) continuing education units for select sessions. Watch NAHUC website for more details.

Conference Site and Accommodations

Hotel

Holiday Inn Chicago North-Evanston
1501 Sherman Avenue
Evanston, IL 60201-4416

Reservations can be made by calling (800) 465-4329 and referencing the NAI Group Code or by visiting the personalized booking link:

https://www.holidayinn.com/redirect?path=rates&brandCode=HI&localeCode=en®ionCode=1&hotelCode=CHINE&checkInDate=14&checkInMonthYear=072022&checkOutDate=20&checkOutMonthYear=072022&P_MID=99801505&GPC=NAI&cn=no&viewfullsite=true

Room Rates*

(If booked before July 21 at 5:00 pm central and subject to availability*)

Single/Double = \$105.00 plus 14.5% room tax*

The Holiday Inn Chicago North requires all reservations must be guaranteed with a major credit card or one night's deposit. **Refunds issued only if cancellation notice received by 3 PM local hotel time at least 24 hours prior to arrival.** Check-in time is 3:00 PM and check-out time is 12:00 PM.

This rate is available from August 14-19, 2022 and for a period of four days before and four days after the meeting dates, subject to availability of rooms at the time of reservation to accommodate those who wish to extend their visits.

Transportation and Parking*

Airport

The Holiday Inn Chicago North - Evanston is 16 miles northeast of O'Hare International Airport (ORD), which offers 2,400 flights daily on a number of different airlines. We recommend flying into O'Hare (ORD) instead of Midway (MDW) because ORD is closer and any airfare savings with MDW will be offset by more costs and challenges with ground transportation.

Ground Transportation*

The conference hotel does **not** offer an airport shuttle. Allow 30-60 minutes travel time from ORD to the conference hotel depending on traffic. Be sure to ride a **suburban** taxi or ride share because Chicago taxis go only downtown Chicago and not to Evanston.

Rideshare or Transportation Network Provider (Uber, Lyft, etc.)

Confirm where to meet their vehicle. There are designated ride share spots outside the arrivals area on **second floor**. Terminal 2 - waiting area Upper Level between Door 2A and Door 2D

Taxi

There are Taxi Stands at the lower-level curb front (outside of Baggage Claim) at each terminal. Suburban Taxi service is available to Evanston. Please make sure to use the designated Taxi Stands to ensure you have a licensed driver. Take an additional 10% off of your American Taxi ride with Promo code NAHUC (bringing the cost down to \$37 one way at time of printing). (847) 673-1000

Trains

Evanston is served by two train systems: the Chicago Transit Authority "L" and Metra. The Chicago Transit Authority (CTA) "L" Purple Line makes 7 stops in Evanston with the Dempster stop being closest to Holiday Inn. If you are flying into O'Hare airport (on the Blue Line), you will first take your train to downtown Chicago, then connect to the Purple Line train to head north to Evanston.

Transportation and Parking*

Once at the Holiday Inn, the CTA “L” runs frequently between Evanston and Downtown Chicago. Get on the Purple Line at the Dempster Street stop close to Holiday Inn and transfer to the Red Line at the Howard Street Stop. Then take the Red Line to your desired stop in Downtown Chicago. During peak commute times, these “L” trains run express from downtown Chicago, so you can get to Evanston even faster.

Metra is the convenient suburban commuter rail system for the Chicagoland area. The Metra’s Union Pacific North line Davis Street stop is a few blocks from the Holiday Inn.

Buses

The CTA and Pace also operate bus routes around Evanston and Chicago.

Hotel Parking*

The Holiday Inn Chicago North -Evanston offers parking for a fee in their garage and has offered a 50% discount to attendees staying at the Holiday Inn.

Self-Parking:

\$9.00 plus tax per car, per overnight

*** Please note that hotel tax, transportation and parking rates are all subject to change.**

Offsite Group Activity

Wednesday, August 17, from 4:30-6:00 PM

Cupcakes and Cocktails*

Tapville Social

810 Grove Street

Evanston, IL 60201

Tapville Social is pairing cupcakes with signature cocktails. Join us for an event to sample four delicious cupcakes and four selected hand-crafted cocktails.

Tapville Social is steps away from the Holiday Inn Chicago North – Evanston, just one tenth of a mile down the street and around the corner.

Kick off your Wednesday evening and conference experience by joining your peers at this informal get-together. Meet and network with healthcare support team members from across the country. Guaranteed to energize you for the rest of your evening!

*Mocktails will be substituted if non-alcoholic beverages are preferred.

\$39.00 USD per Adult includes tax and tip.

(In Order of Appearance)**

Wednesday, August 17, 2022 from 1:00-2:15 pm

Eric Conley

**Executive Vice President, Froedtert Health
President, Froedtert Hospital**

Session 1 “Preparing to Be a Hospital President”

Eric L. Conley was appointed president of Froedtert Hospital and executive vice president of Froedtert Health on July 1, 2020. He is responsible for the overall functions of the hospital; leading the execution of performance with respect to strategic priorities and plans in the areas of service, quality, staff development, growth and finance; coordinating operational performance among system entities; and oversight of ambulatory services in partnership with the Medical College of Wisconsin.

Eric joined the health system in July 2018 as senior vice president and chief operating officer. In addition to Eric’s leadership responsibilities, he has diverse board experience in non-profit organizations including American Board of Orthopaedic Surgery, United Way of Greater Milwaukee & Waukesha County, American Heart Association Milwaukee, Vivent Health, and The Leverage Network serving in roles as board chair, as well as committee chair and appointments for executive compensation, finance, strategic planning, and mergers and acquisitions. He is also a member of the National Association of Health Service Executives (NAHSE).

Wednesday, August 17, 2020 from 2:30-4:00 pm

Doug Penrod, RN, CTCC

Session 2 “An Overview of Kidney and Pancreas Transplantation”

Doug has worked in many roles at the Northwestern Medicine Organ Transplant Center in Chicago, Illinois including Transplant Outreach Liaison and Senior Transplant Nurse Coordinator and brings a wealth of knowledge about kidney and pancreas transplantation. His professional memberships include the United Network for Organ Sharing (UNOS), National Kidney Foundation of Illinois, Illinois Council of Nephrology Nurses and Technicians, American Nephrology Nurses Association, Chicago Transplant Ethics Consortium, Organ Transplant Support Group, and American Kidney Fund.

Doug is also the recipient of the Burl Osborne Humanitarian Award presented by the International Federation for Artificial Organs and the American Society for Artificial Internal Organs, the Dr. Martin Luther King, Jr. Humanitarian Award presented by Northwestern Memorial Hospital, and the American Kidney Hero Award presented by the American Kidney Fund.

Learning Objectives:

1. Discuss the Kidney/Pancreas Transplant Program at Northwestern.
2. Describe how the new allocation process has increased transplants in Illinois.
3. State three reasons Living Donor is the preferred method of kidney transplant over a deceased donor.

Thursday, August 18, 2022 from 8:00-9:00 am

Lee-Ellen Dunaway Hall, BA, AOS, CHUC

Session 3 “The Ethics of Informed Consent in the Tuskegee Experiment”

Lee-Ellen Dunaway Hall, BS, CST, CHUC is in her 43rd year as a healthcare professional with Centra Health in Lynchburg, Virginia. Currently, Lee is the supervisor of the hospital staffing, scheduling and timekeeping department, where, with the help of a dedicated staff, she is making great changes that will benefit her staff, hospital personnel and most importantly, patients. She has served on the Virginia Commonwealth State Assembly of Surgical Technologists as a treasurer and board member. Her degree in surgical technology led her to certification in the field and a six-year teaching career which included teaching courses in medical law and ethics. She is a certified health unit coordinator, which is where her heart will always be. Education and promoting certification are top goals for Lee! She serves on the NAHUC publication committee and is the author of several articles published in The Coordinator. She is most proud of being a long time NAHUC member and hopes to continue far into the future!

Learning Objectives:

1. Definition and history of informed consent.
2. Specifics of the Tuskegee Experiment.
3. Lessons learned from the Tuskegee Experiment.

Amy Disharoon is a Performance Improvement Coach at the American Hospital Association, and has been working on leading national health care implementation programs for the past nine years. She has experience working on projects focused on teamwork and communication, patient safety, and infection prevention. Amy received her Master’s in Public Health at the University of Illinois at Chicago and her Bachelor’s in psychology at Virginia Commonwealth University.

Learning Objectives:

1. Provide an overview of Project Firstline resources
2. Explain the importance of teamwork and communication in infection prevention and control
3. Discuss 2 teamwork and communication strategies (CUS and Closed Loop Communication)

Thursday, August 18, 2022 from 10:30-11:30 am

Paul H. Rockey, MD, MPH

Session 5 “From Ward Clerks to Health Unit Coordinators: A Half Century of Reflections”

Dr. Rockey retired in 2020 as a senior scholar at the Accreditation Council for Graduate Medical Education. Paul joined the ACGME in 2012 after directing the division of graduate medical education at the AMA for nearly a decade. After his 1970 University of Chicago MD degree and internship at Harborview Medical Center in Seattle, he served two years as a solo physician on the Rocky Boy Indian reservation in Montana. He returned to Seattle and the University of Washington for internal medicine residency, a master’s degree in public health and launched an academic career combining patient care, teaching, research, and administration (as residency program director, group practice president, hospital chief medical officer and assistant dean). He served as an associate dean at the University of Massachusetts and Southern Illinois University and is now a professor emeritus of internal medicine and medical humanities at SIU.

Paul was on the Alumni Board of the University of Chicago and is a past president of the Alumni Council for U of C’s School of Medicine and Division of Biological Sciences. He recently chaired the Illinois State Medical Society Council on Education and Health Workforce. Rockey retired from the Army National Guard, as a Lt. Col., after 25 years of service. He continues to collaborate with colleagues on issues of physician wellbeing and conducts research on health workforce and policies essential to medical education. Paul was a marathon runner, downhill skier, figure skater and weekend golfer. He now swims daily to stay fit so he can keep up with the lives of his three children and eight grandchildren.

Learning Objectives:

1. “Directors” need “Coordinators”.
2. Coordinators are “Hot Hubs”.
3. Lateral and Vertical Job Motility.

Jerry Kaelin, MA, MDiv, BCC

Session 8 "Spiritual Care Chaplains & Clinical Pastoral Education Students: Collaborating with Health Unit Coordinators – Who Are the Hub of Every Hospital Unit"

Jerry Kaelin has served at Loyola University Medical Center for 28 years as a staff chaplain and an ACPE Certified Educator. Jerry loves driving Lakeshore Drive and gawking at the skyscrapers in his beat-up convertible. When away from city lights, he pulls out his 8" telescope and ponders the universe. He is married to Loyola-trained physician to whom he proposed marriage on their navigation dive for scuba certification in 1995. In 2016, he fulfilled his wedding vow to his wife, Fran, and brought her Cubs a World Series trophy. Looks now like we will have to wait another 100 years...

Learning Objectives:

1. What is spiritual care in general?
2. How chaplains can be helpful to the unit medical and administrative staff?
3. How we can mutually enhance care of patients, families and staff.
4. Chaplains' increased role in colleague care.

Friday, August 18, 2022 from 10:30-11:30 am

Stacey Haas

Session 9 "Patient Experience"

Stacey is a Customer Experience Specialist who has worked at Froedtert Health in Milwaukee, Wisconsin for 23 + years in various positions. She lives in Waukesha, Wisconsin with her husband of almost 20 years. She has 3 adult kids and 4 grandkids. Her hobbies are camping, reading, hunting, and viewing sunrises and sunsets. She states she is blessed! She began her career by creating first impressions and developing relationships over the phone and in person with our customers at the front desks or in call centers. She moved into informal and formal leadership for ten years. For the last four years, she has turned her focused attention to understanding all of the fine details that impact the patient experience.

Learning Objectives:

1. Discuss the Health Unit Coordinator impact on the patient experience and what some fine details can do to make or break it.

Friday, August 19, 2020 from 12:45-1:45 pm

Donald A. Balasa, JD, MBA

Session 10 "How Trends in Federal and State Law are Impacting Telehealth and Remote Delivery of Health Care"

Donald A. Balasa has served as Chief Executive Officer and Legal Counsel of the American Association of Medical Assistants (AAMA) since 1990. His primary responsibilities include protecting the legal scope of practice of medical assistant by monitoring proposed legislation and regulations on the state and federal levels, providing written and oral testimony/comments, and proposing revised language for bills and rules. His areas of legal specialization include non-for-profit governance, professional credentialing and regulation, and antitrust principles applicable to certifying and accrediting bodies. He has written and spoken about the professional less-regulation movement and accommodations for test takers required by the Americans with Disabilities Act (ADA).

Mr. Balasa received both his baccalaureate and law degrees from Northwestern University, and his Master of Business Administration in economics from the University of Chicago.

Mr. Balasa has taught courses in constitutional law, comparative government, and association management at the DePaul University Graduate School of Business and Trinity International University.

Learning Objectives:

1. Identify the new federal programs that have facilitated telehealth and the remote delivery of health care, and the roles of assistive personnel in these programs.
2. Explain the American Medical Association's "scope creep" initiative and the professions that are targeted most intensively by the AMA's advocacy efforts.

Discuss the amendments to state laws that permit allied health professionals to work under less restrictive supervision requirements, and how the "Great Resignation" in the health care workforce is resulting in outpatient professionals working in inpatient settings, and inpatient professionals working in outpatient settings.
